\* Well, back to (sun)

„reality“ .....

No more heatstroke  
hallucinations,

Did I  
make myself  
clear?!

You know that  
the sun can't  
hear you, right?

Duh!  
I'm not like  
some dumb  
kid with  
imaginary  
friends!-

Wait,  
who  
am I  
talking  
with  
again?

Hehe, who

cares?

Don't

think about  
it..

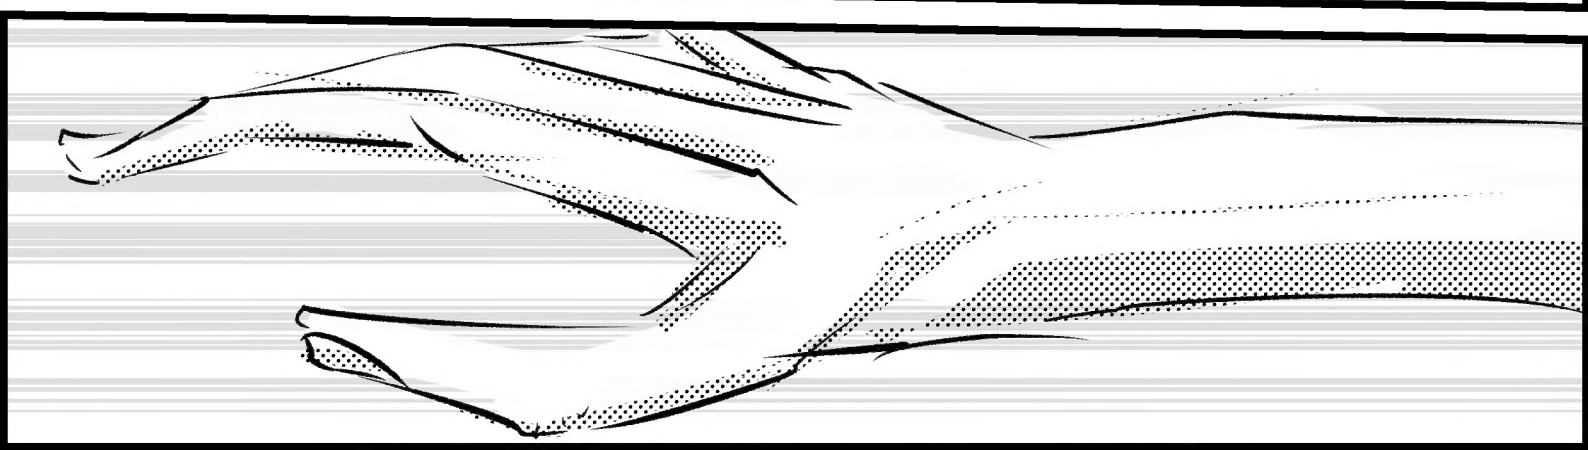

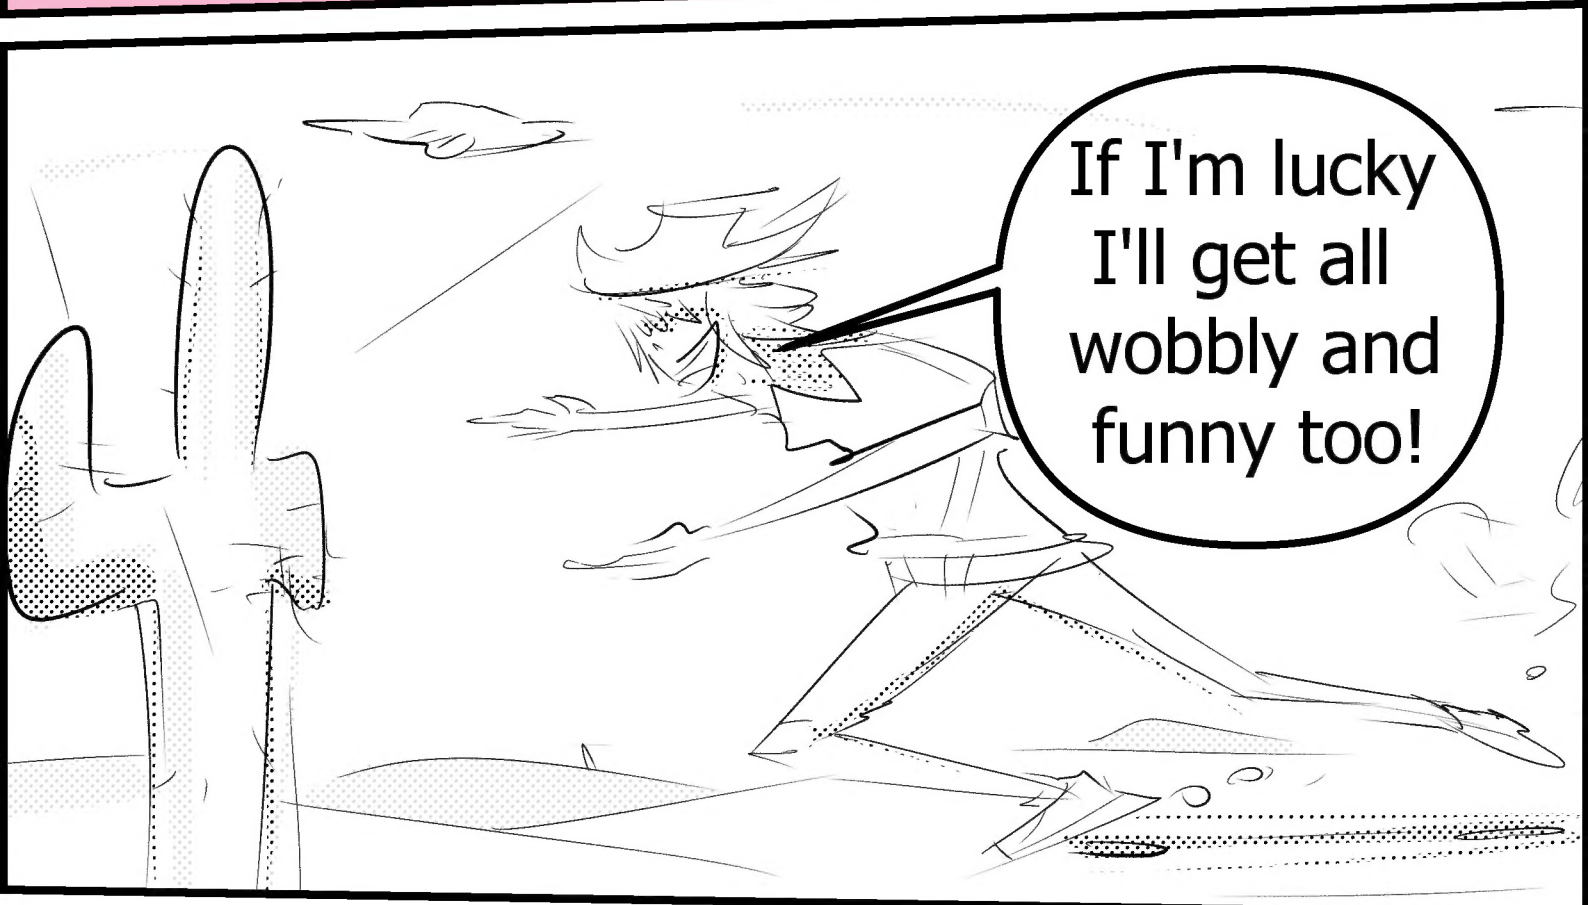

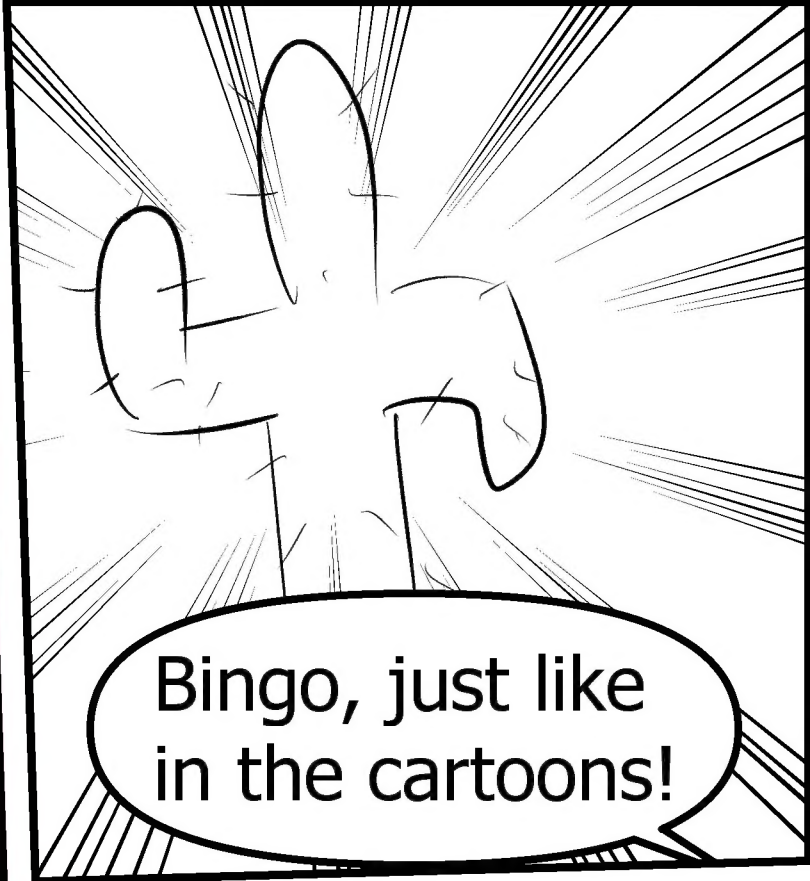

ha  
ha

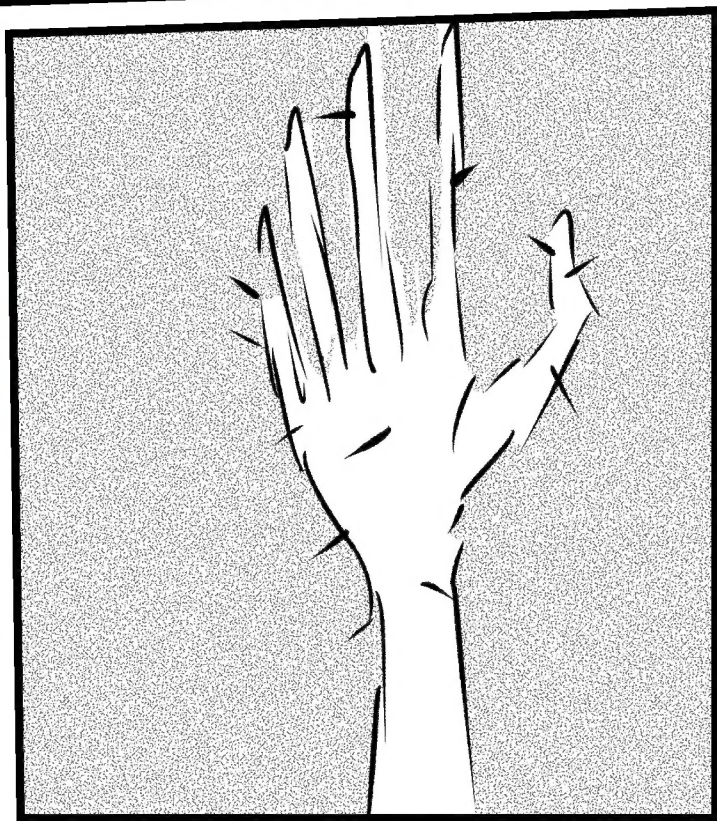

I need water

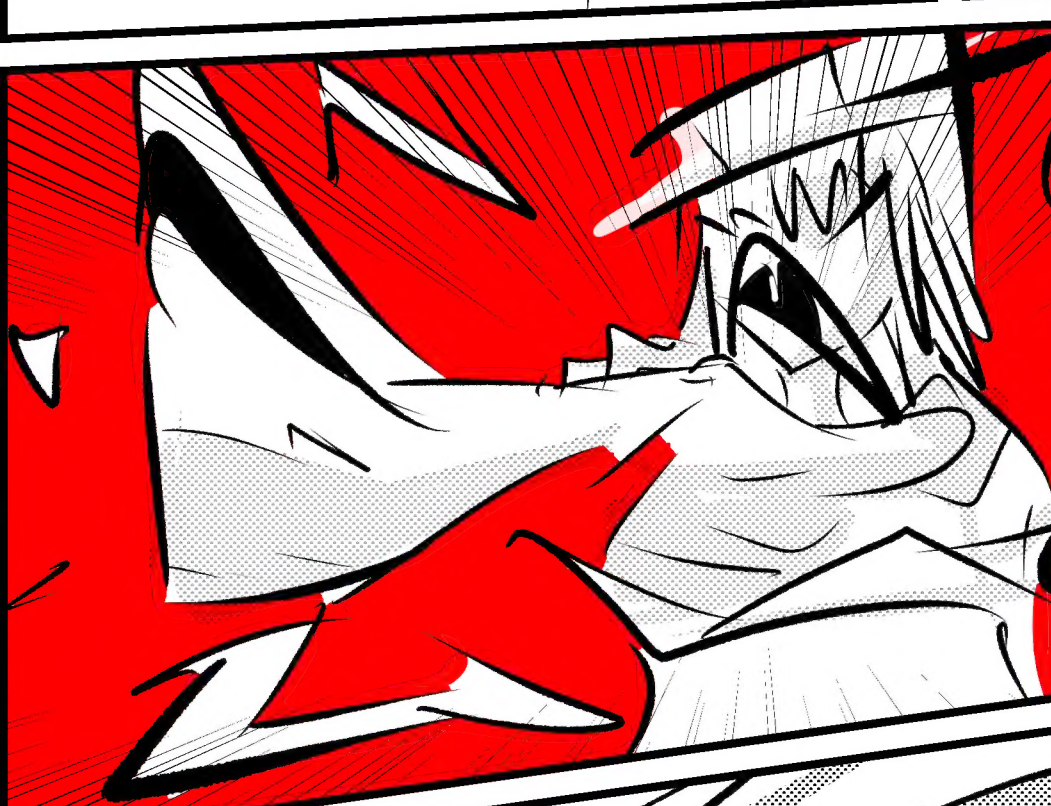

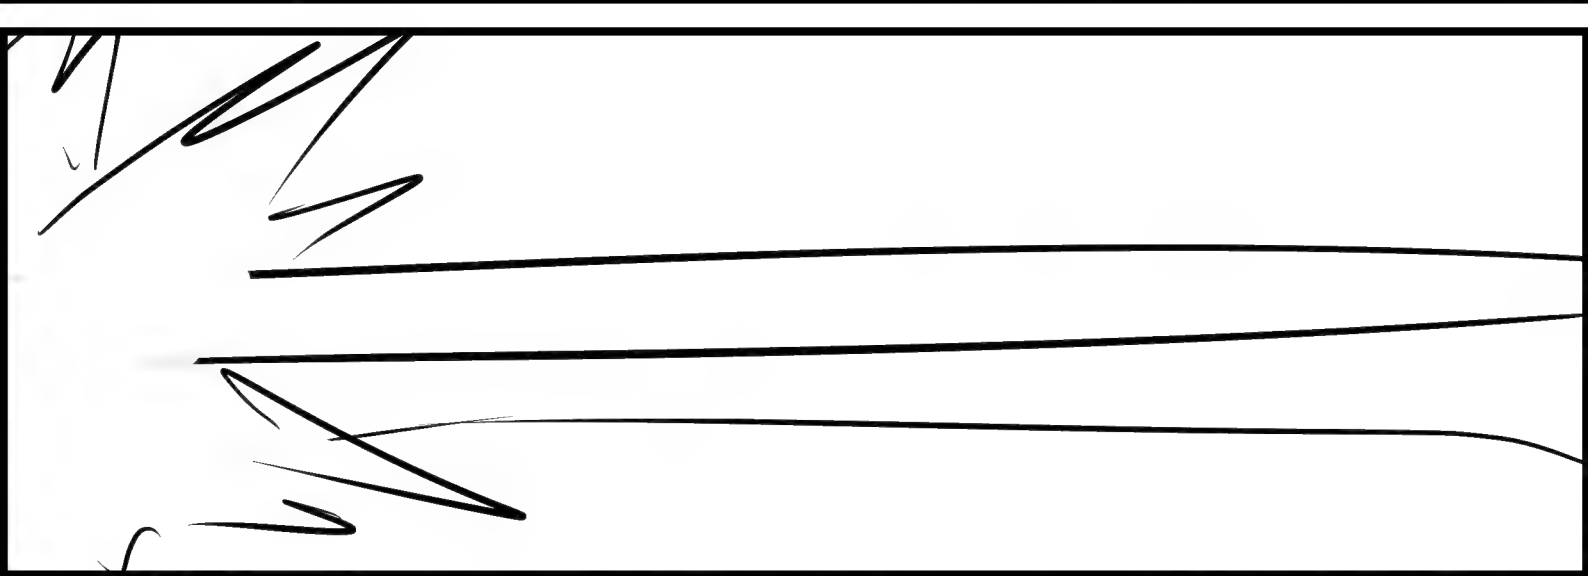

Think you can  
trick me and  
get away  
with it??!?

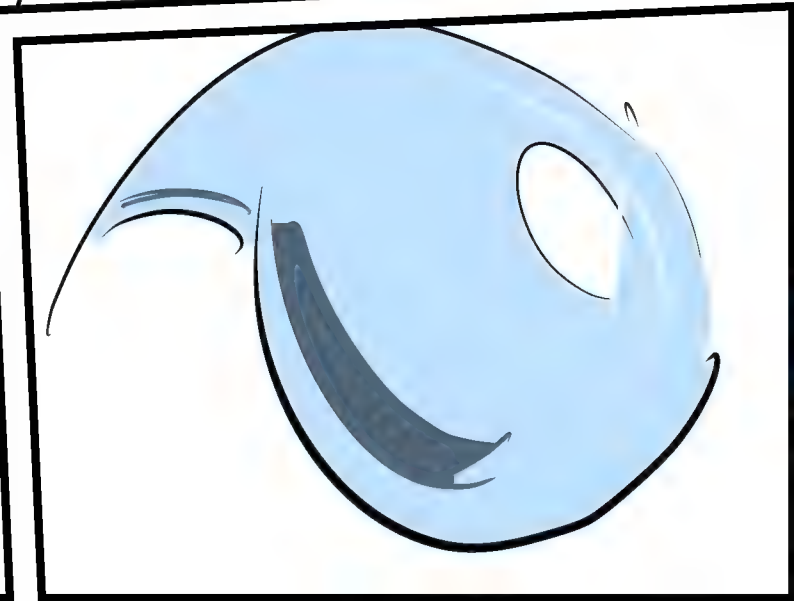

Take that  
stupid  
cactus!

wooshx

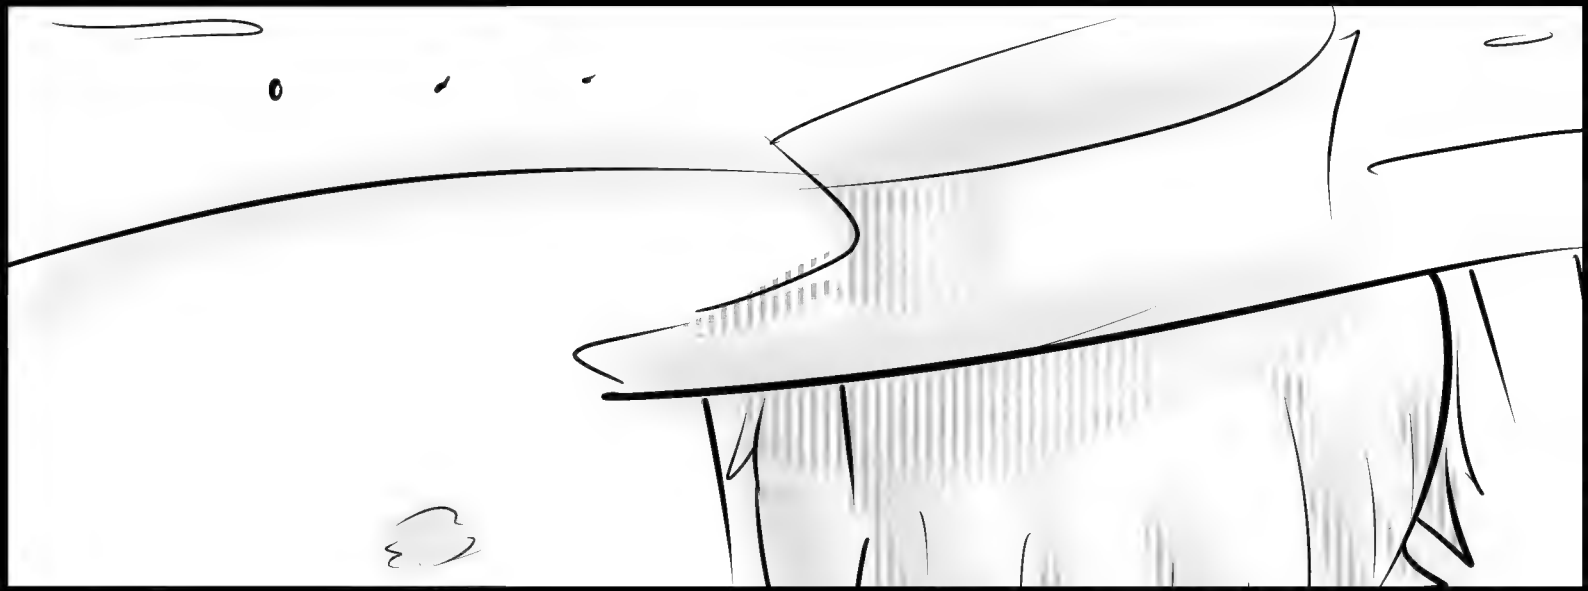

Say oah!

x turn"

any  
moment...

x splashx

o o o

*Silly Patty, mudcakes are not for eating!*

No food, no water?

I'm on a diet anyway

Really?

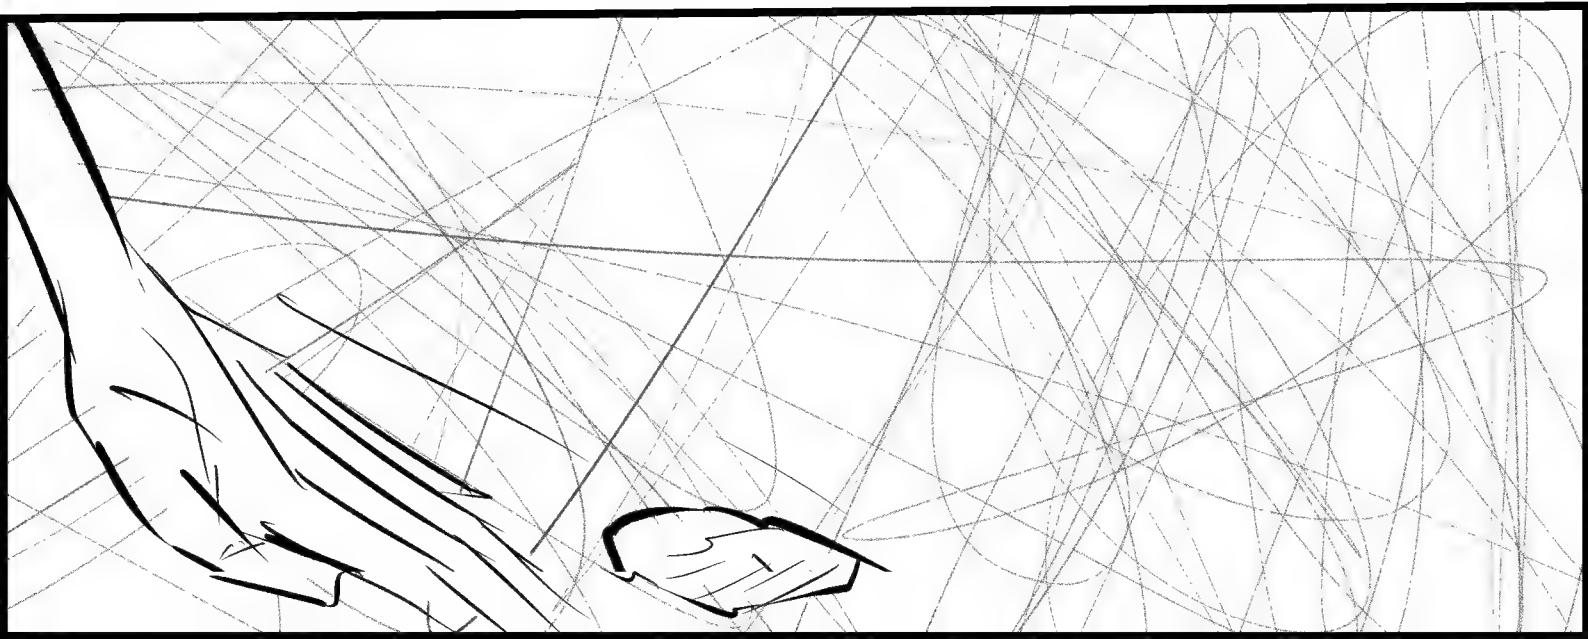

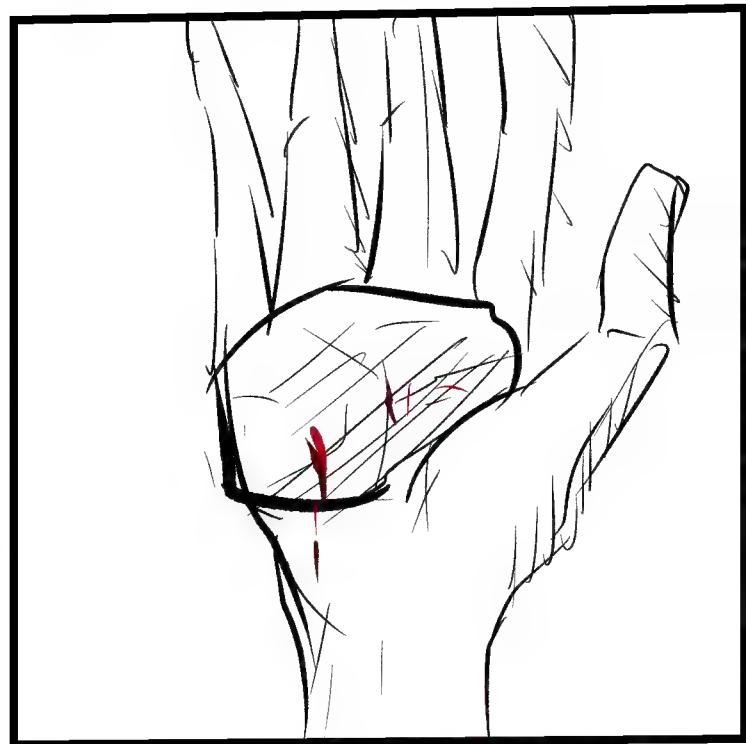

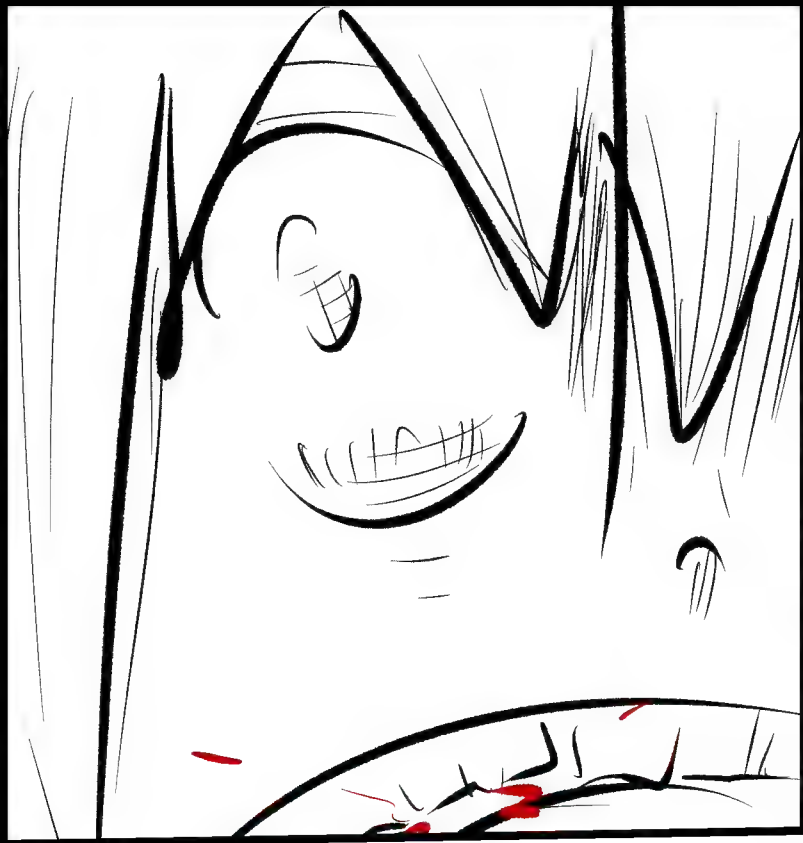

Tch, if I just  
want something  
I just nab it  
from a boyega

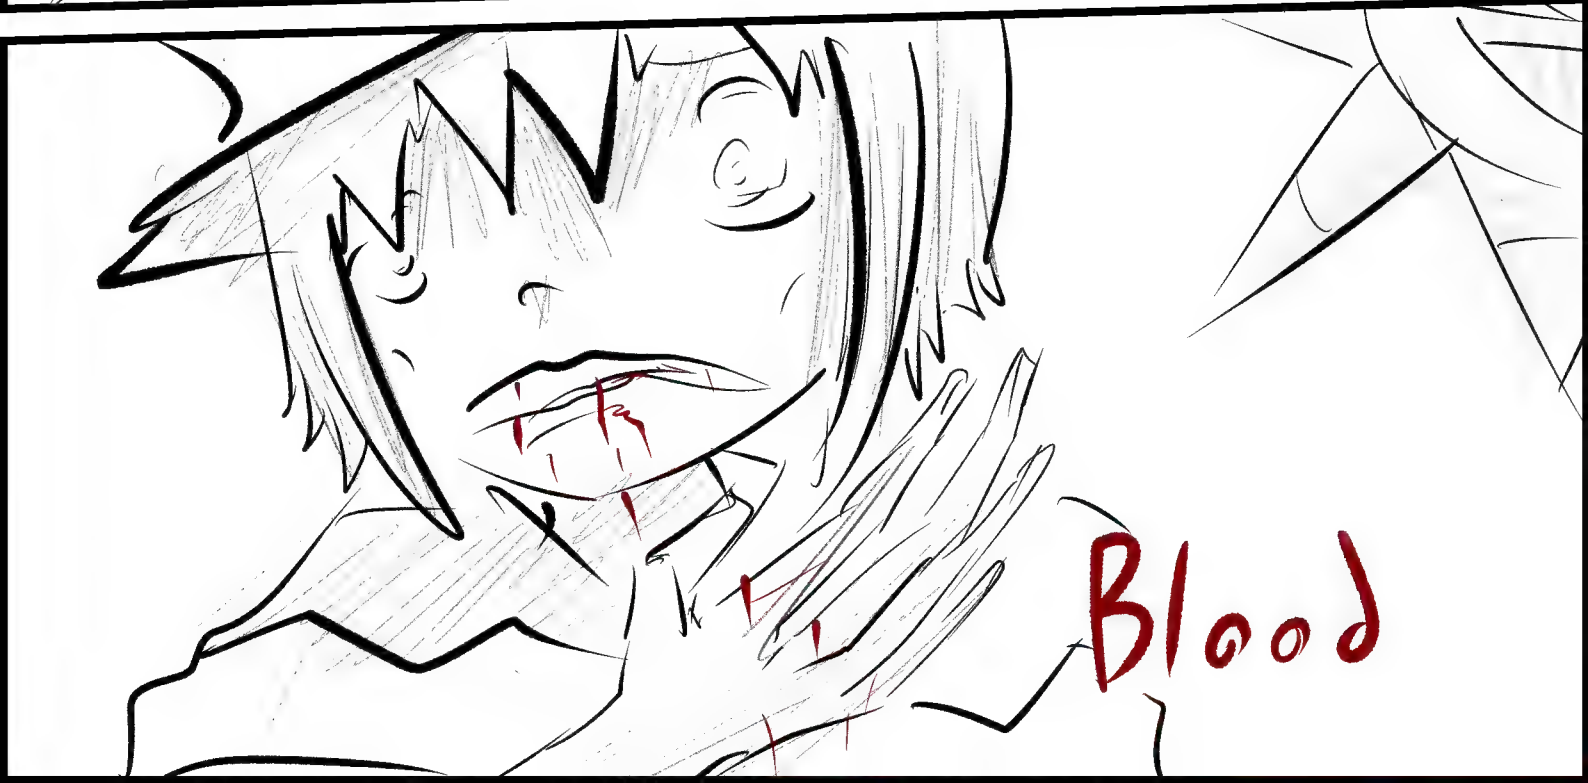

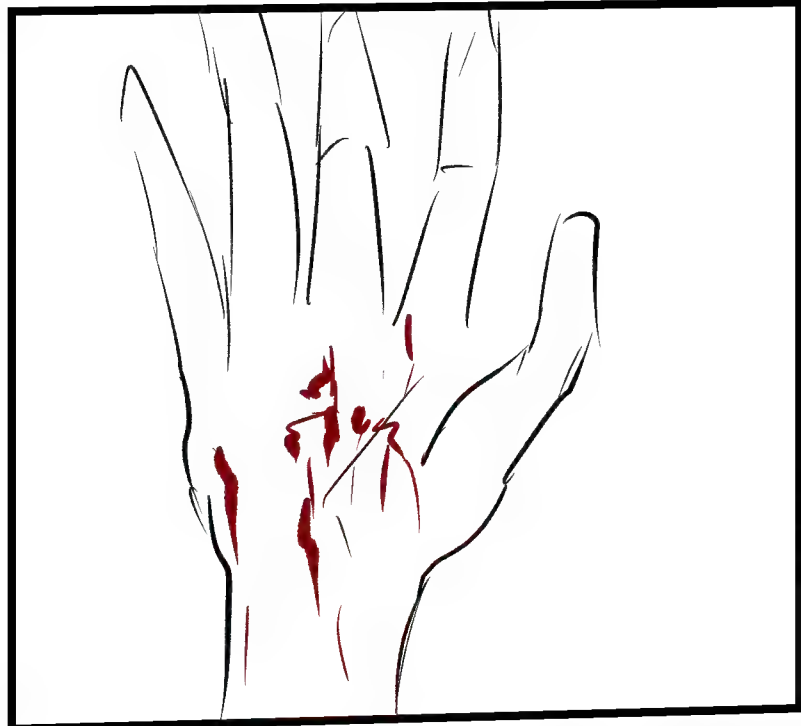

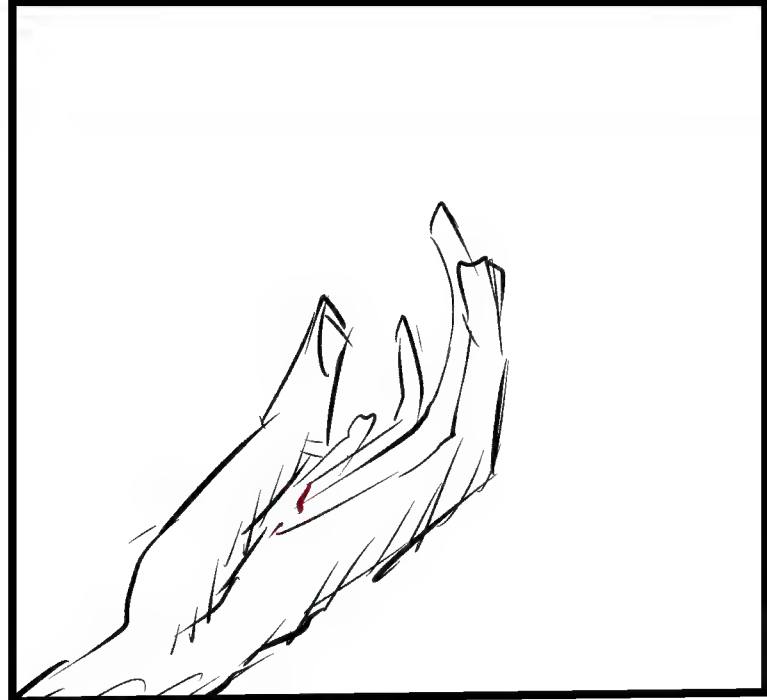

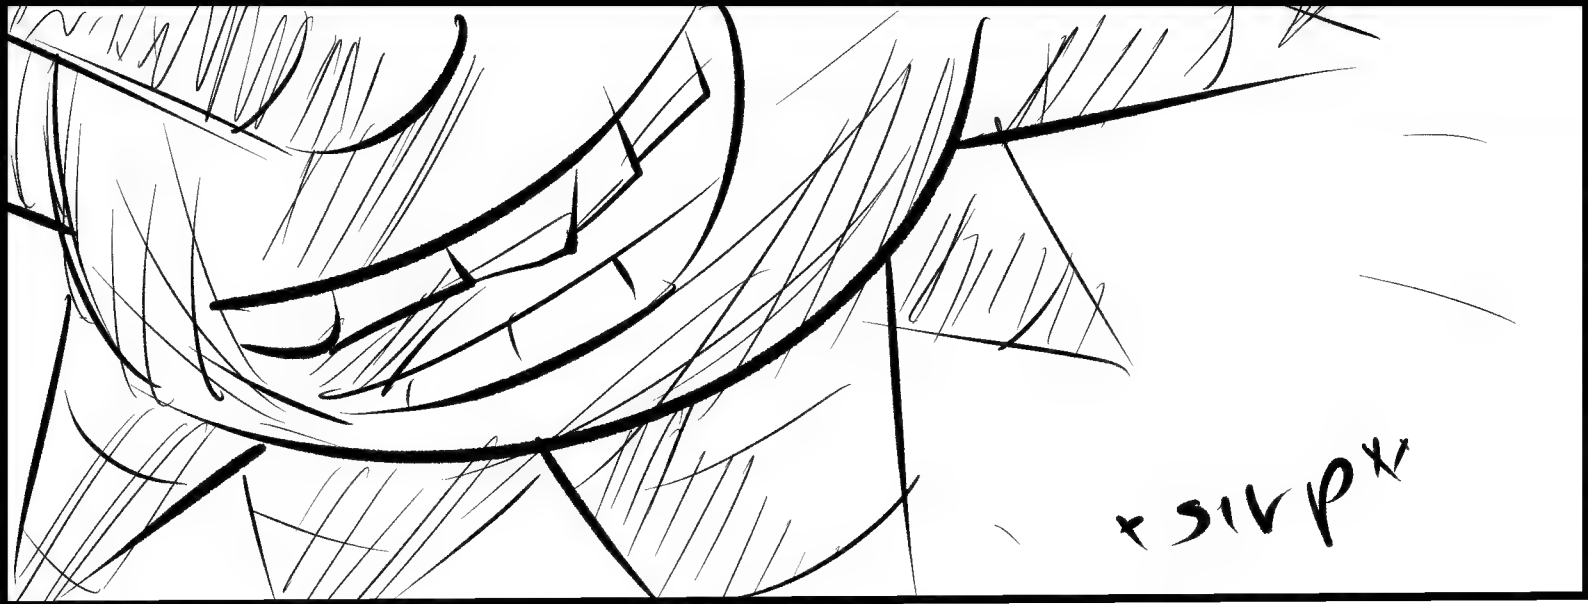

Yeah, a Thompson  
sister takes what  
she wants!

x s i r p x

x s i r p x

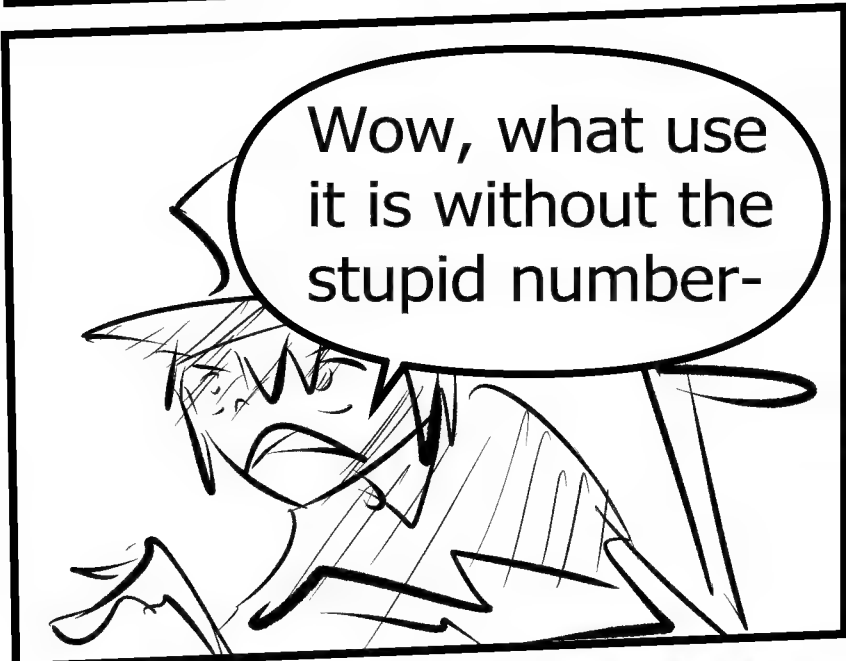

That didn't help  
at all, guess Liz  
was right, I'm  
not a vampire...

I was right  
about a  
lot

Like about  
allways carying  
a mirror with  
you

Or at least  
memorizing  
Lord Death's  
number

Or about allway  
staying by  
each others side

To never be alone...

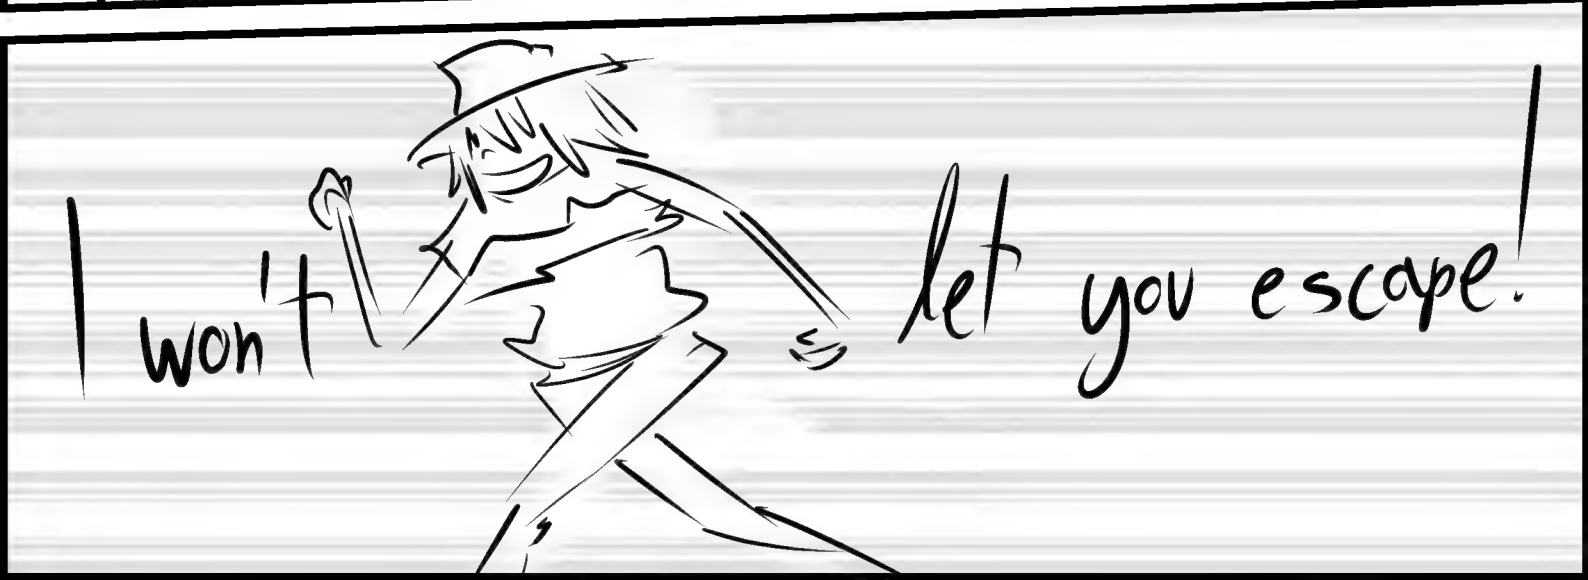

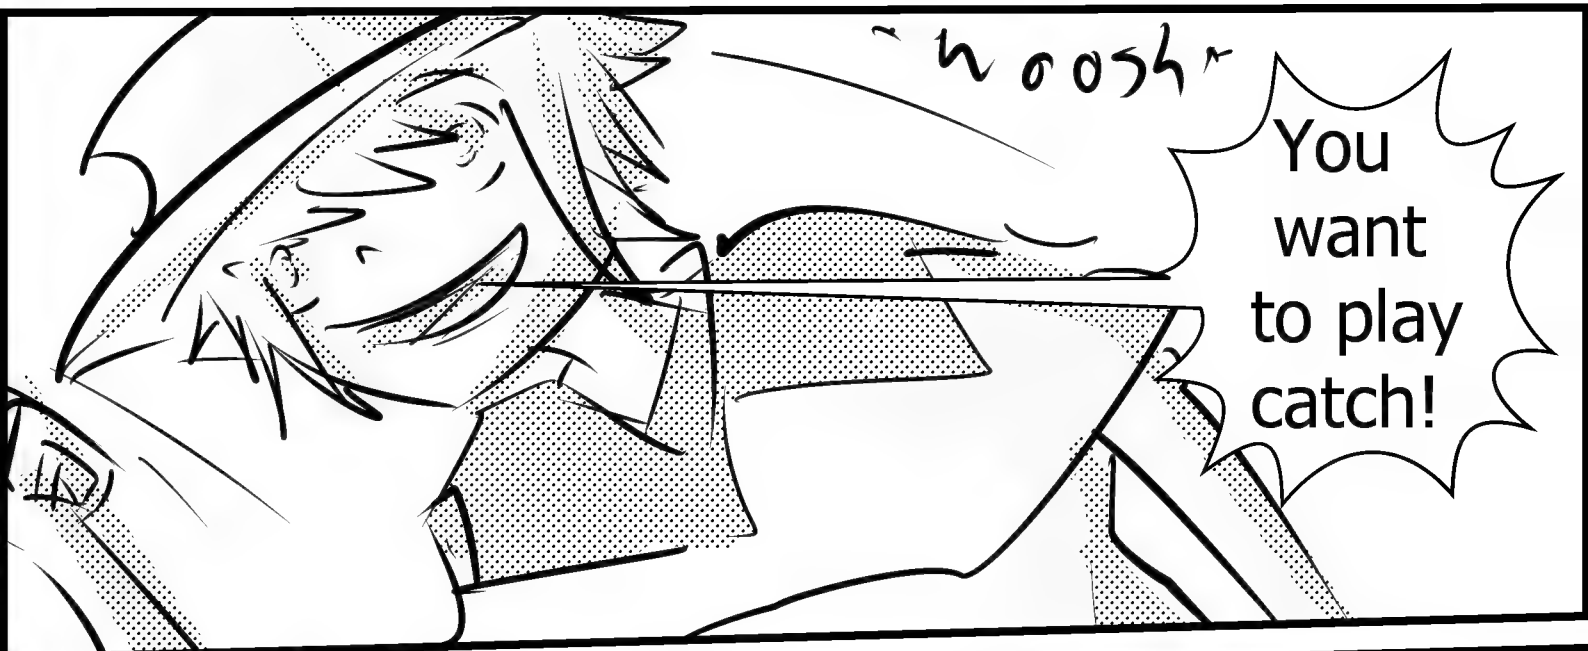

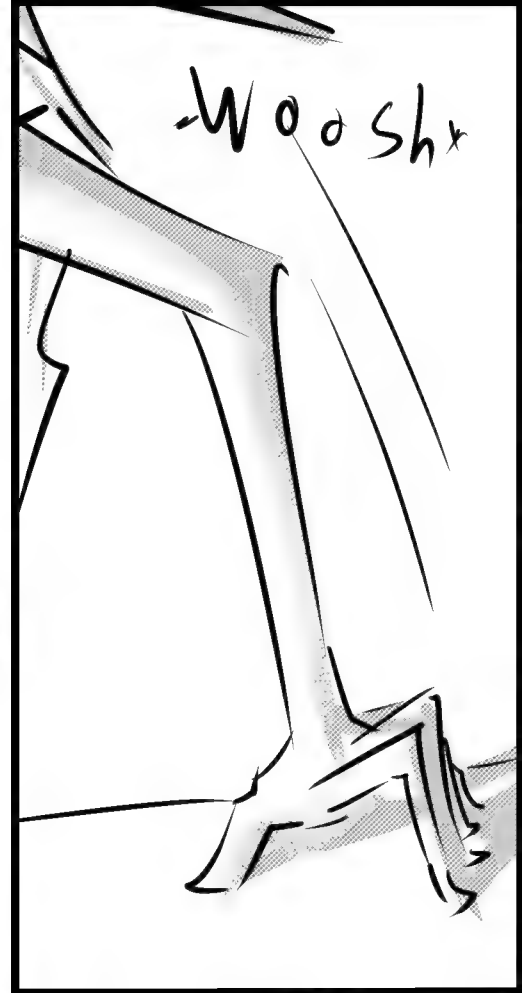

Even the sun  
is leaving...

Please don't go...

You can laugh  
at me how much  
you want, just-

H  
e

y  
ou

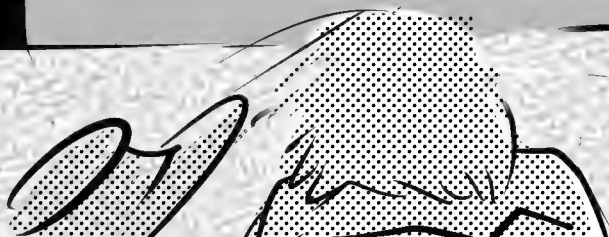

h  
e

Can't  
run

h  
a  
.

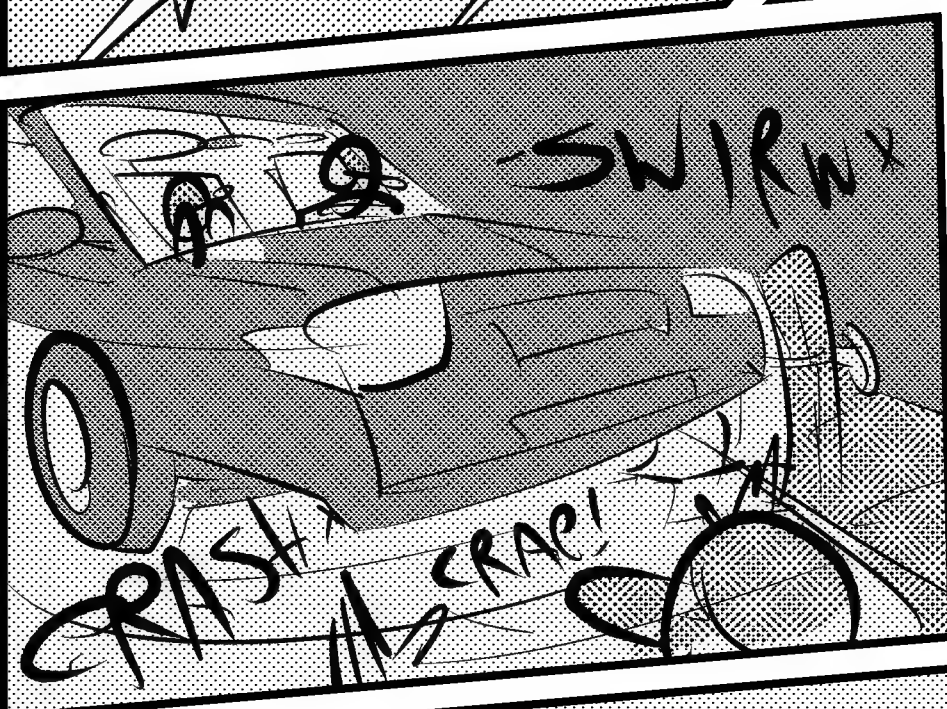

forever!  
e

Good luck  
catching us  
on foot!

Patty, that was too  
close this time...

Haha, don't  
be such a  
scaredy-cat

I-I just care about  
you, what if you're on your  
own the next time

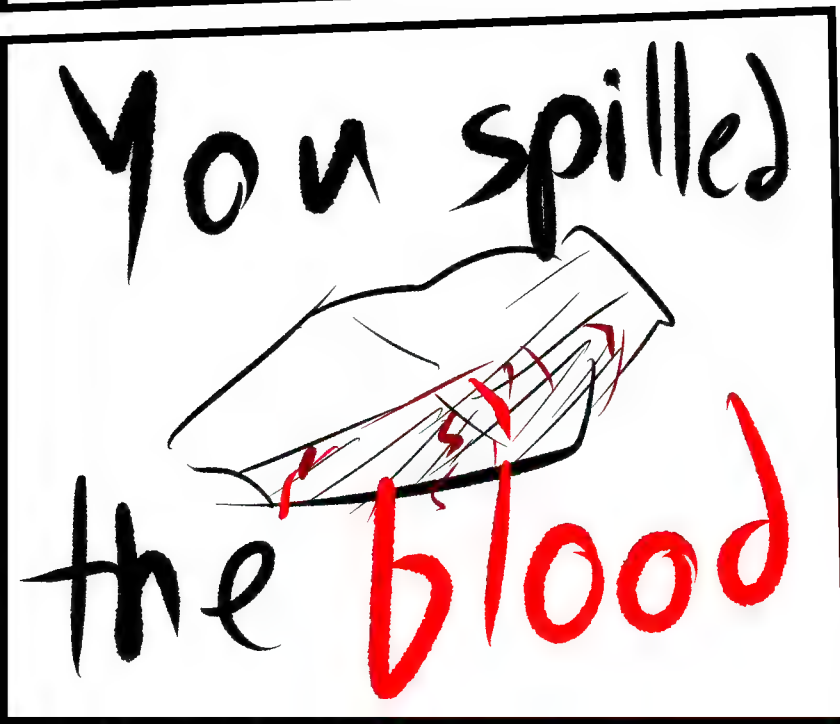

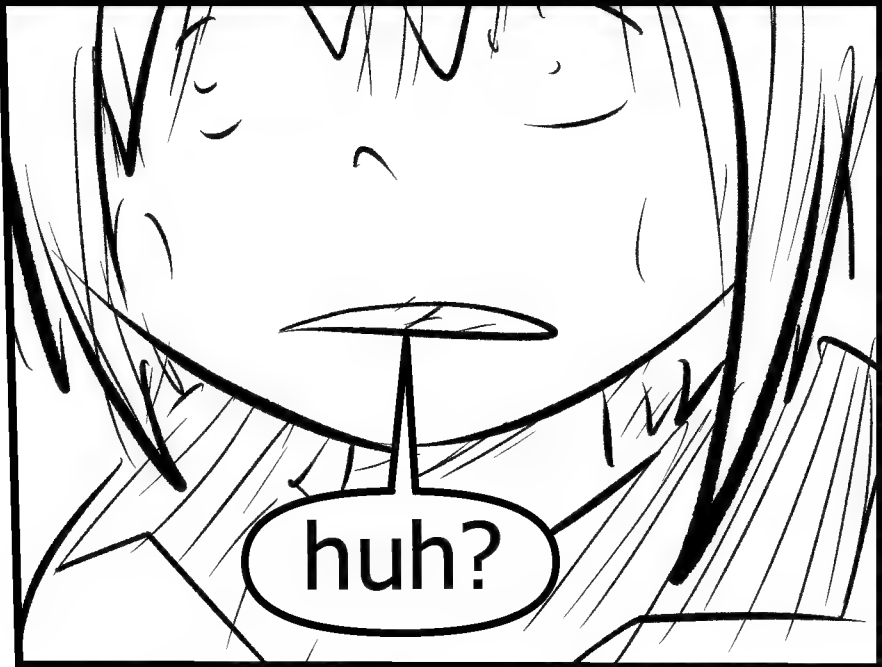

Tch, don't  
be silly, we  
allways will  
be there for  
each other

Guilt tripping  
me

even in this  
giant litter box

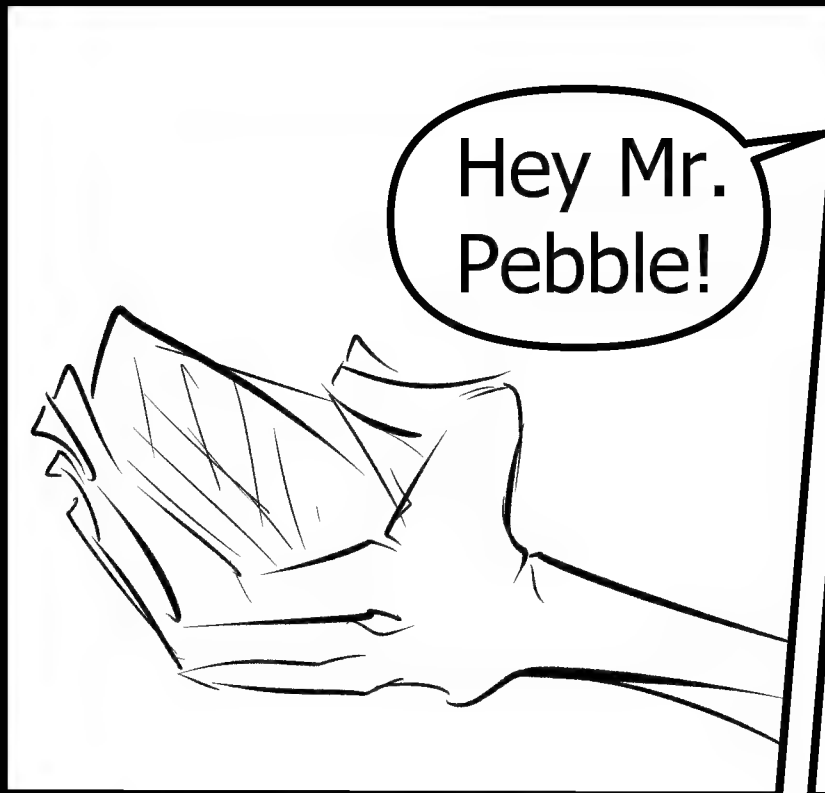

I'll  
just  
enjoy  
the  
vision  
till-

Escaping into your cartoonish  
fantasy world again?

If that is how it is, the silent  
treatment will be better for you

Hey Mr.  
Pebble!

Don't wanna  
say something  
judgmental  
to me?

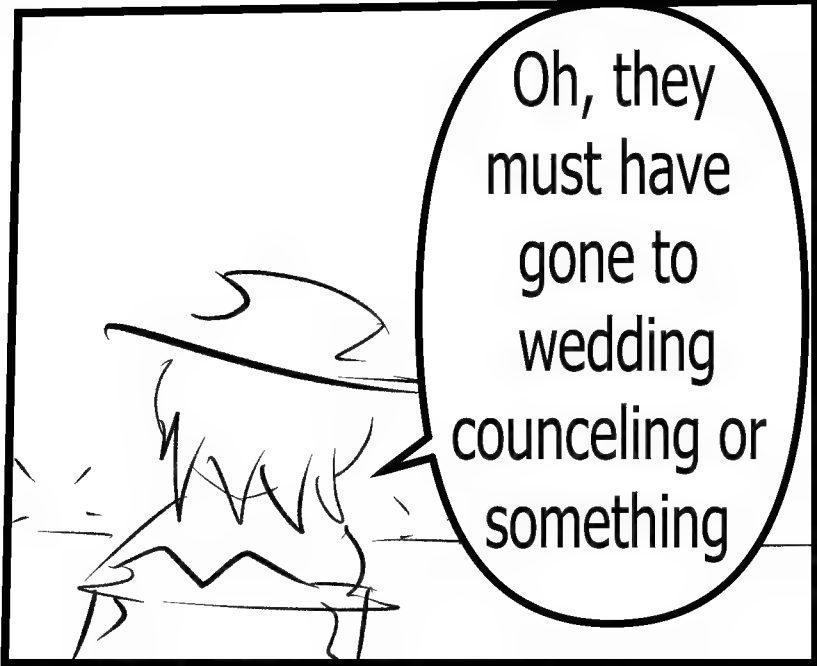

Spit it out!

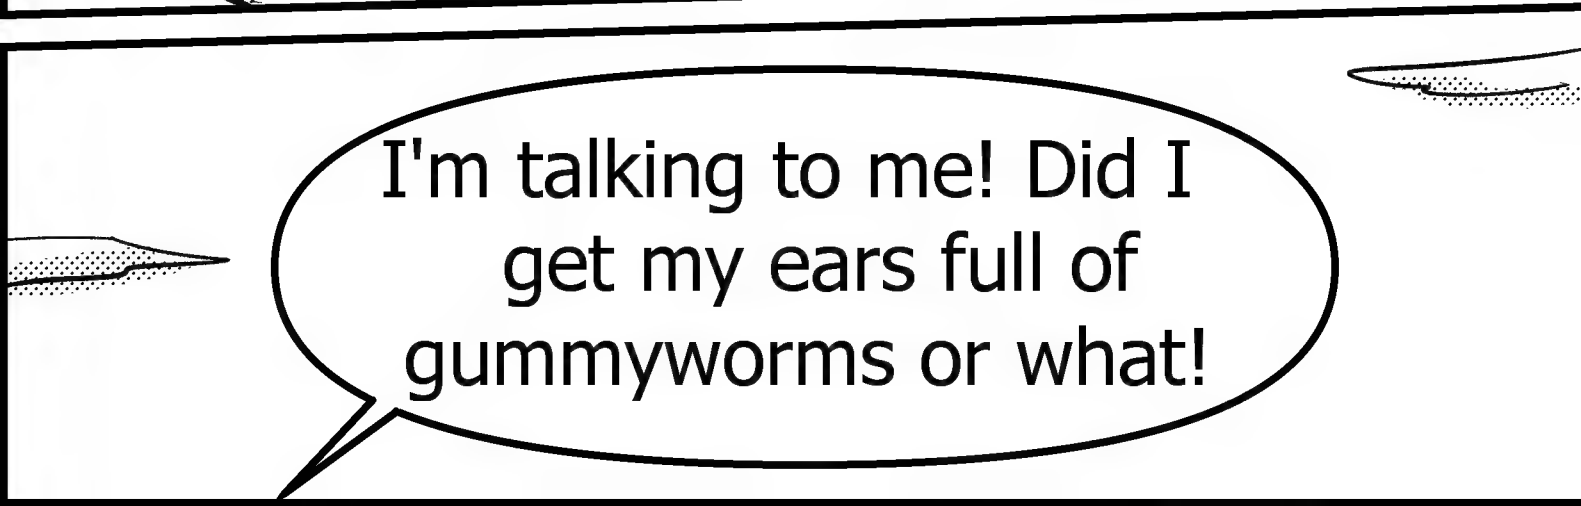

Nothing,  
must have  
rattled his  
brain...

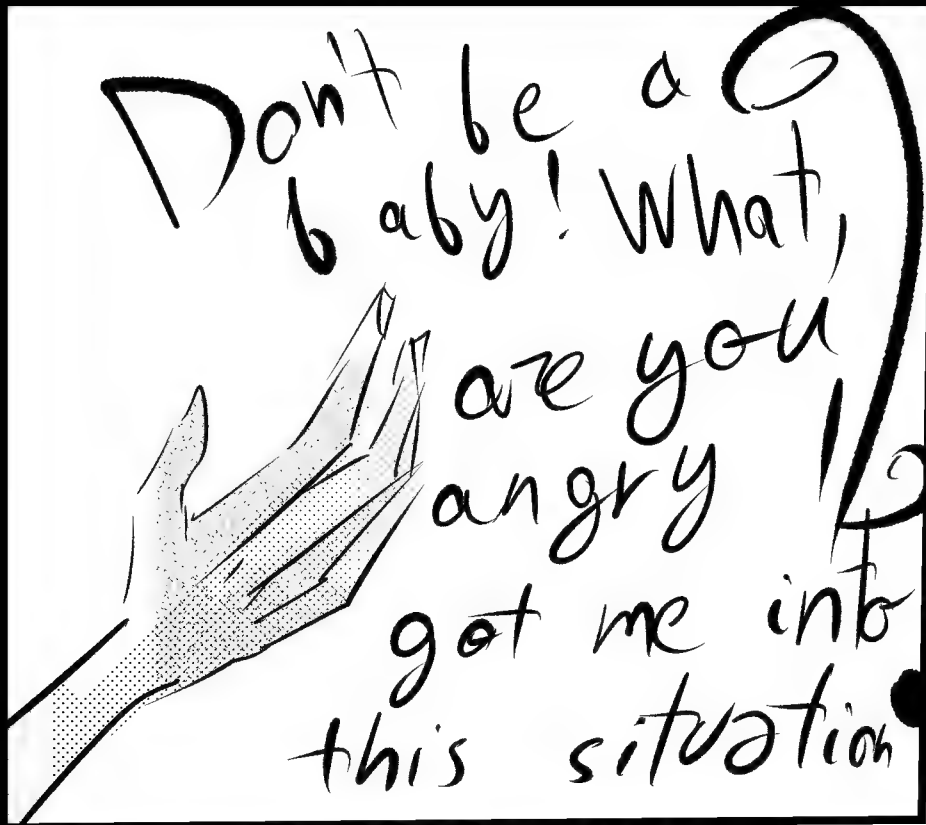

Well, what  
about you  
then-

Oh, they  
must have  
gone to  
wedding  
counceling or  
something

Don't be a  
baby! What,  
are you  
angry!  
got me into  
this situation!

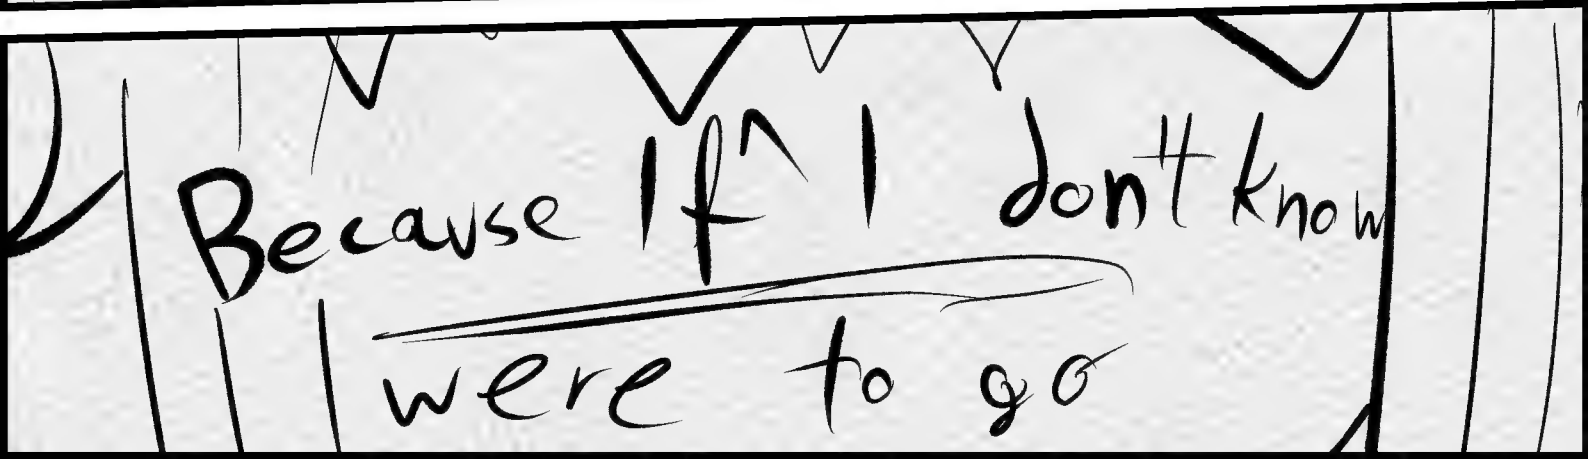

Newsflash!

I'm just as  
much at fault  
as me!

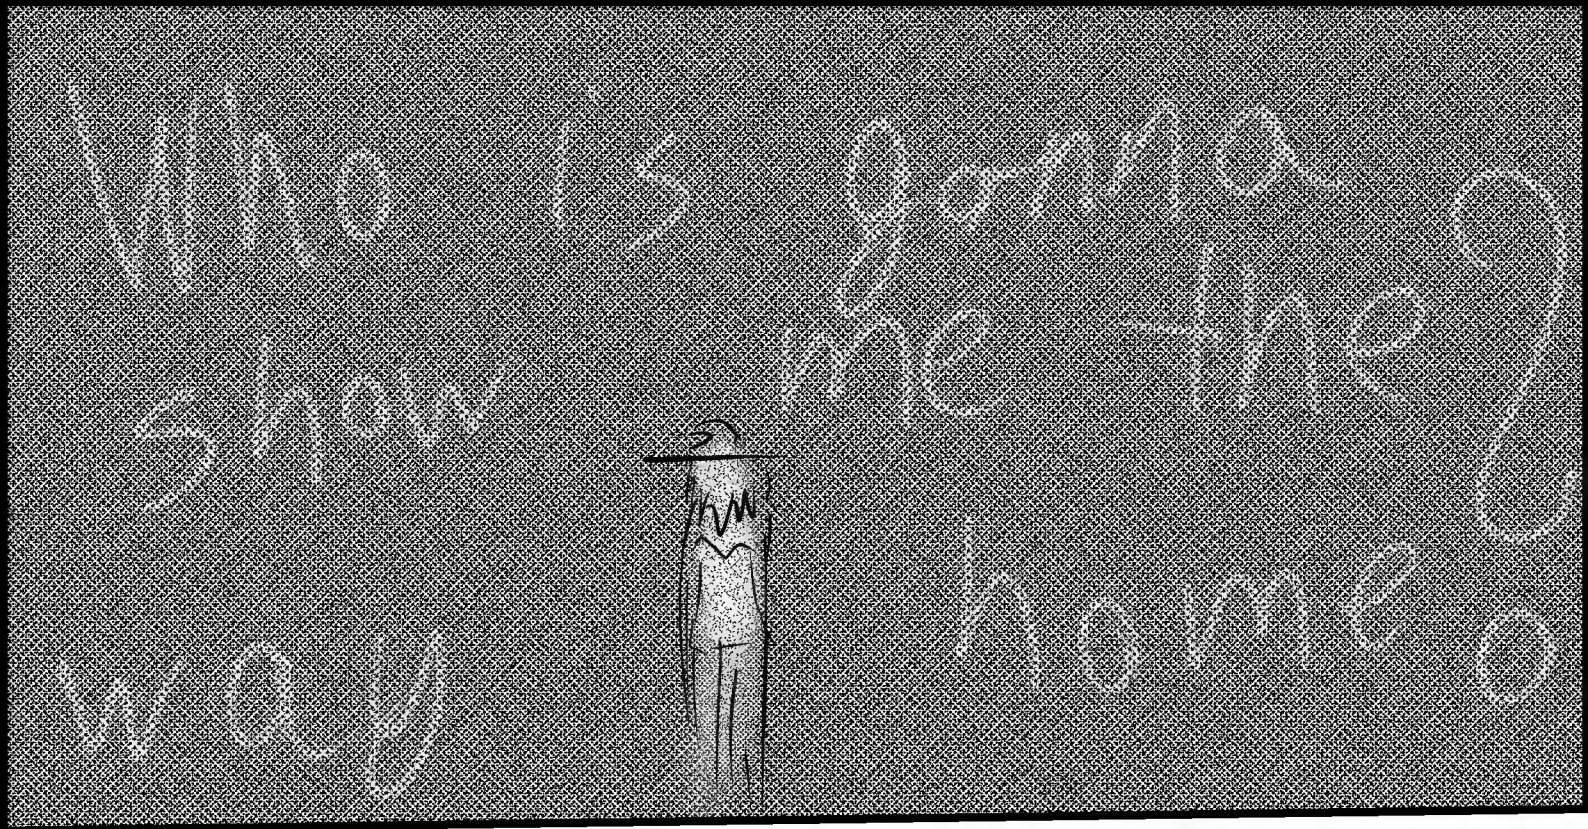

So stop playin'  
the victim  
and help me  
to get out of  
here

Because if I don't know  
were to go

Was that I  
that spoke?

Or just  
the sound  
of the  
dune's  
breeze?

Didn't think, I'll  
ever miss the heat...

If I fall asleep now:

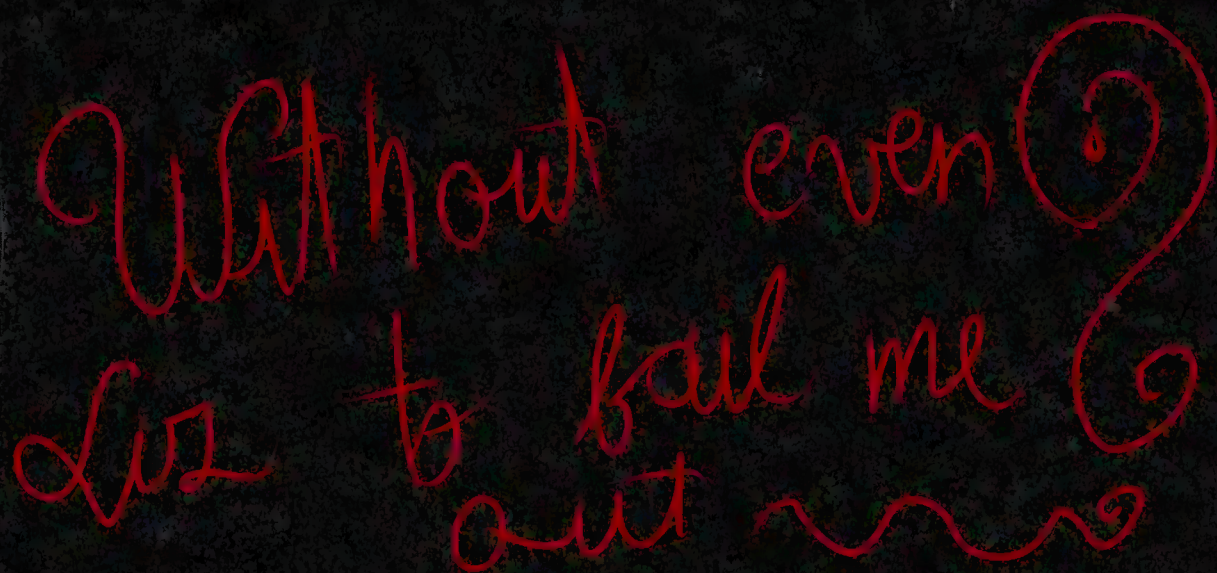

Will I wake up  
back home?

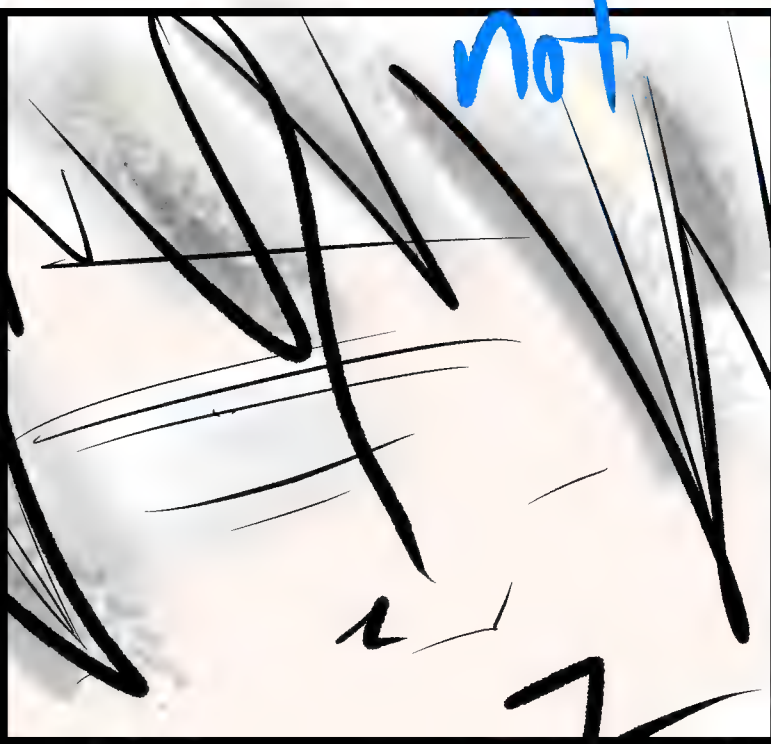

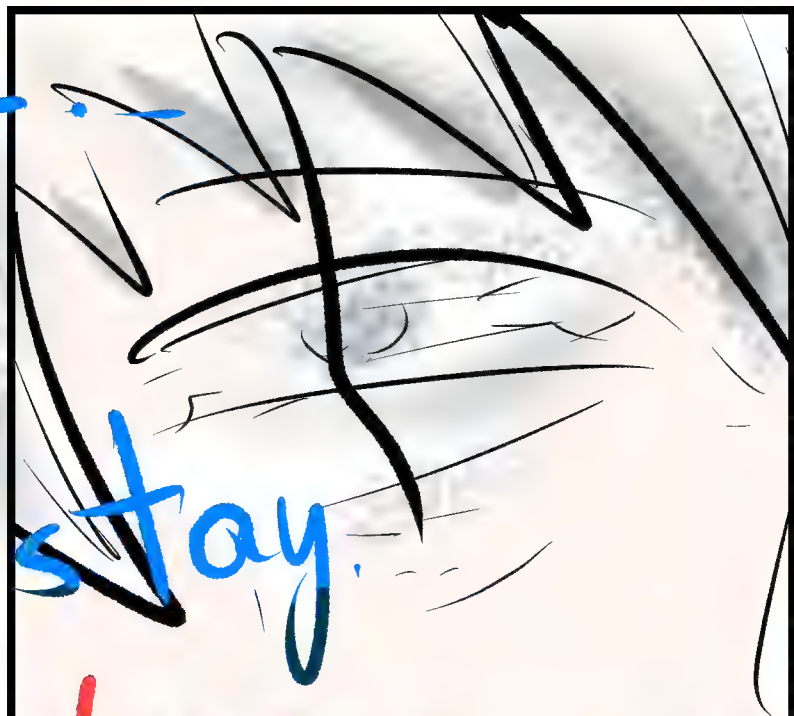

**Or were all the friends and fun the dream:  
and I'm lying on the same streets**

**as all my life?**

Without even  
Luz to bail me  
out ~~~~

haha, seems I'm  
dead, just floating  
in nothin'

Can I do a somersault?

Is there an "I" anymore

H  
U  
h?  
Wh  
ats

that  
blue  
thing?
